

**Referral: EROCON ENVIRONMENTAL GROUP INC**

**November 13, 2019**

**Term: August 6 to November 25, 2019**

**Location: Matheson area, NE Ontario**

Please be aware that **EROCON** has safely and cost-effectively fulfilled McEwen's expectations since August 6<sup>th</sup>. Due to our satisfaction with their initial performance – the scope of their exploration-related field activities was expanded to three additional job sites within the *Black Fox & Stock* mine properties.

Their site representative (Dwight Chorney) provided 100% attendance at McEwen's departmental – contractor safety huddles, on a daily basis. No safety or environmental concerns have been raised to this date.

**Ken D. Tylee** PGeo  
**Exploration Manager**
